Total number of shrines :	33	
Total number of verses :	395	

NOTE : The Vaiṣṇavite traditionalists count the number of sacred shrines as 108 in which Tiruppārkaṭai and Paramapadam are included. However, the number available in the list of arcā forms actually celebrated by the Ājvāra comes only to 106, Tiruppārkaṭai and Paramapadam not being the places for arcā forms. Besides, Paramapadam represents by itself the *Para* form of Nārāyaṇa.

* Indicates the shrines celebrated only by Nammājvar.
